Legal Disclaimer — Investment & Health Information

1. No offer or solicitation

Nothing on zerohungerwater.com, in the investor deck, in any investor kit, or in any related communication constitutes an offer to sell, or a solicitation of an offer to buy, any security. Any investment will be made solely through definitive legal documents provided to qualified prospective investors. No money or other consideration is being solicited through the website, and if sent, it will not be accepted.

2. Illustrative scenarios are not forecasts

Any figures described as 'illustrative,' 'aspirational,' 'potential,' or shown as scenarios — including references to a possible equity value, ownership percentage, or multiple of invested capital — are hypothetical examples only. They are not a forecast, valuation, promise, projection, or prediction of future performance. Hypothetical illustrations have inherent limitations: they do not represent actual results, they do not reflect dilution, liquidation preferences, taxes, fees, or transaction costs, and no representation is made that any investor will achieve results similar to those shown.

3. Risk of loss

An investment in an early-stage consumer company is highly speculative and involves a high degree of risk, including the possible loss of the entire investment. Any investment should be made only with capital the investor can afford to lose completely. No exit, acquisition, timeline, or liquidity event is assured.

4. Third-party comparables

References to other companies and reported transactions (for example, Liquid I.V. or the reported acquisition of Grüns by Unilever) are aspirational comparisons to unrelated businesses based on press reports. Reported transaction values may be unconfirmed, and the companies cited differ materially from Zero Hunger Water in scale, stage, resources, and market position. No affiliation with, or endorsement by, those companies is claimed or implied.

5. Forward-looking statements

Statements about launch timing, market size, product plans, and business goals are forward-looking and based on current beliefs and assumptions. Actual results may differ materially. The company undertakes no obligation to update any forward-looking statement.

6. Investor suitability

Participation in any private offering will be limited to investors who satisfy applicable legal and suitability requirements, which may include minimum disposable capital thresholds. Prospective investors must rely on their own examination of the company and the terms of any offering, and should consult their own legal, tax, and financial advisers before investing.

7. Health and medical disclaimer

Content on this website, in the quiz, in reports, and in any product material is for general informational and educational purposes only and is not medical advice, diagnosis, or treatment. Zero Hunger Water products are dietary supplements and/or beverages; they are not intended to diagnose, treat, cure, or prevent any disease. These statements have not been evaluated by the Food and Drug Administration. Always consult a qualified physician before changing your diet, hydration, supplement, or exercise routine, especially if you are pregnant, nursing, taking

medication, or managing a medical condition. Individual results vary.

8. No professional advice

Nothing provided by Zero Hunger Water, Jorge Cruise, or Stephan Peeler constitutes legal, tax, accounting, investment, or medical advice. Reliance on any information provided is solely at your own risk.
